

- Andara Activational Healing is a new form of healing that enables you to take the next step in your spiritual development no matter where you are on your path right now. By placing a grid of awakened and activated Andara crystals around an encrypted and encoded pyramid, an energetic light field arises that contains a complete library of our human and galactic DNA as it was given to us by our parental star races, written in the universal language of light. These codes are also stored in the human DNA as it truly is our heritage and birthright to carry this light, even though many of them still lay dormant waiting for the right time to be awakened and incorporated into our existence here on planet Earth.
- Using the fantastic properties and awareness of Andara crystals combined with pyramid energy, an activational field is created that allows us to awaken our DNA through the concept of pure resonance, putting us on a high-speed track to fulfilment and ascension. By simply residing in this energy for a certain amount of time and carrying the right intention, our complete DNA-library and galactic heritage can be remembered, awakened, re-activated and re-incorporated, one step at a time. Once activated these codes unfold in our lightbody, taking the shape of beautiful multidimensional geometric light structures according to the principles of sacred geometry, emanating waves of light reflecting a new level of alignment, and drawing in similar frequencies from the universe enabling you to access whole new fields of light, joy, growth and awareness in your life.
- An Andara activational healing is a personal experience activating only those codes that are appropriate for you and your current development. Andara healing can be repeated as often as you like, as each session will raise you to ever higher levels of awareness, fulfilment and wholeness.

An Andara session takes 45 minutes to an hour at a charge of €65,-
